

Dear parent, carers and students,

As we continue to roll out our use of Arbor, we have now switched on the student portal. Students will be able to view their account by logging in to [Arbor](#). When logging in for the first time students will need to use their **school email address** and click the ***forgot password button***.

Over the summer break, we will begin to change the way we set homework tasks, which will move us away from Satchel:One, starting with any bridging work that is being set by teachers for students studying GCSEs or A Levels. This will bring all student homework and assignments into one place in the Arbor student portal.

Please support your child in setting up and logging in to their account as this will further strengthen the communication between school and home.

Students will also be able to use the Arbor Student App. They can download the Arbor Student App from the [Apple](#) or [Google Play](#) store. To log in to the Student App, they can simply use their Student Portal login details.

Arbor's guide on logging in and using the app can be found here: https://support.arbor-education.com/hc/en-us/articles/19459987383325-Logging-Into-and-using-the-Student-App#h_01J018JEZZKY1PBRVJ4YQ8MRVJ

Kind regards,

Mr A Brown
Assistant Principal
